

“A planet flooded with luminous vines, warm summers and winter of stove and chat, a sky of olfactory sensations and a pantry full of surprising flavors. And especially a place where each bottle of wine It has its dose of affection, enthusiasm and desire to surprise you”.

We are a family winery located in *Gumiel de Mercado*, a privileged village situated of the D.O. Ribera del Duero, since it has always been a town with a wine-growing tradition. Its structure is medieval and in the center of the town, there is a hill where our ancestors excavated the underground cellars to elaborate and preserve their wines.

We, Asier and Rodrigo, grew up here, where our parents and grandparents taught us the winemaking process very early, along with the most important thing, to understand that respect for the land, love and care of the vineyard transmits from generation to generation.

Our wines are made from grapes exclusively owned, they are located in said Burgos term, with an altitude of about 830m. and soils that combine limestone, sand, clay and gravel.

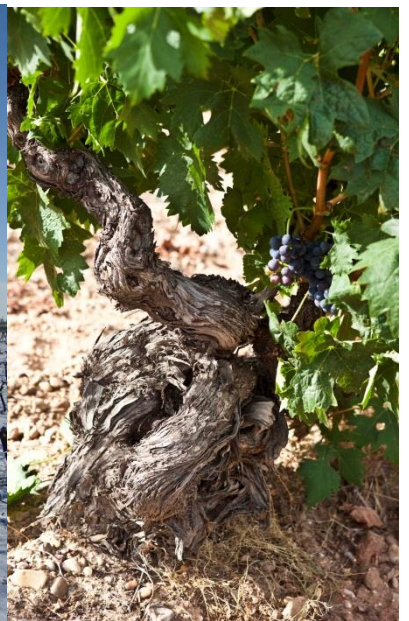

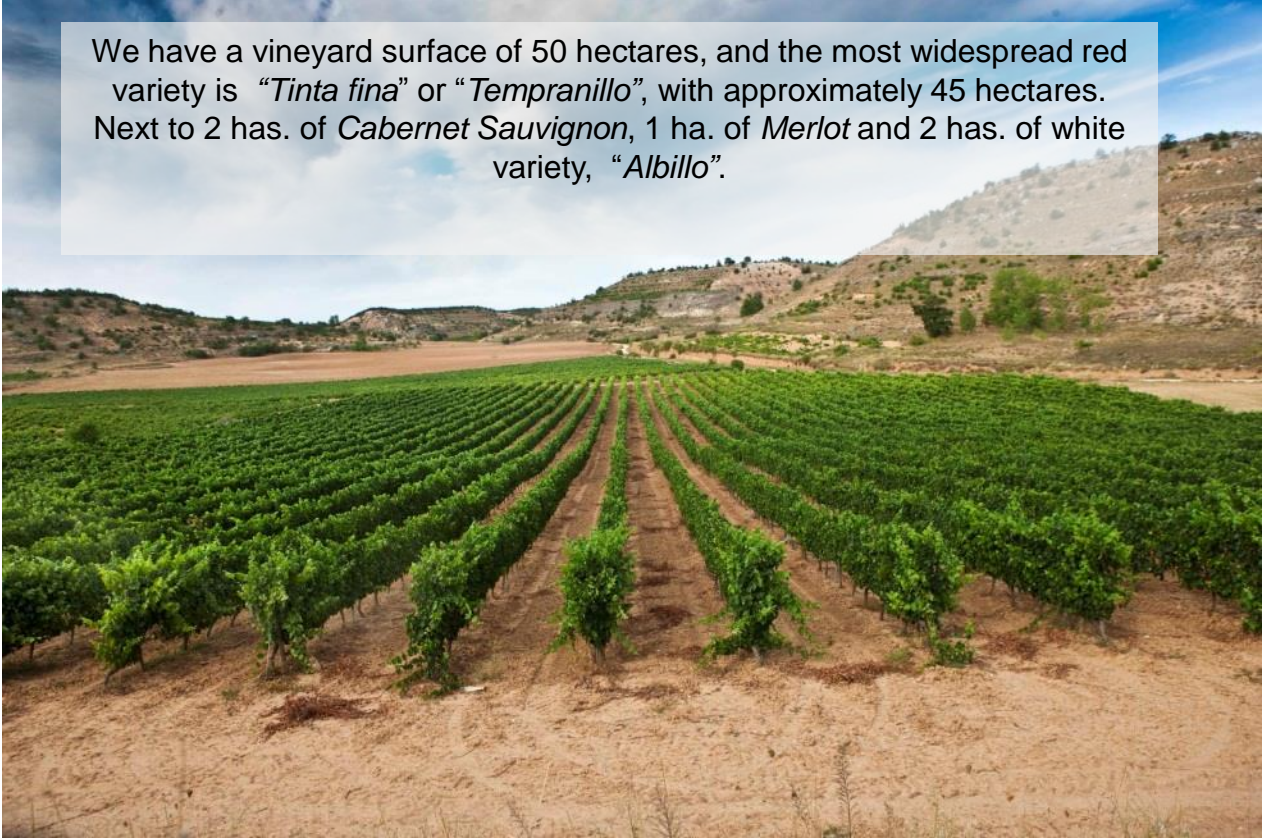

With a moderate-low rainfall (450 mm of rain per year), dry summers (40 °C), long and rigorous winters (-12 °C) and strong thermal oscillations throughout the seasons, the Ribera del Duero provides us with some special climatic conditions that have great influence throughout the vegetative cycle of the vines and the expressiveness of the *tempranillo* grape, playing a fundamental role in the development of the plant and the ripening of the fruit.

The quality of our wines depends to a large extent on these conditions.

♥ MELOSO
TEMPRANILLO

We have a vineyard surface of 50 hectares, and the most widespread red variety is “*Tinta fina*” or “*Tempranillo*”, with approximately 45 hectares. Next to 2 has. of *Cabernet Sauvignon*, 1 ha. of *Merlot* and 2 has. of white variety, “*Albillo*”.

In 2008 my brother and I decided to join this family project that began in 1999. For us it is pride and enthusiasm to follow closely and participate daily in all the tasks that are necessary to continue with this tradition.

For us it means trying to collect all that experience we have inherited to return to the natural and what our ancestors did. Vivid, daring, natural and expressive wines, in which the fruit and fresh aromas are their distinctive mark.

With this philosophy, the MELOSO wines of Calvo Arroyo were born in 2010, based on the idea of developing and distributing a line of wines with a marked fruit character, current and easy to understand, without losing sight of the Ribera del Duero guarantee, our Denomination of Origin. Without complications. Wines open to a new market, affordable and where quality is the priority

“Meloso = Mellow”: *which is affectionately sweet and kind. Soft.*

With this definition and the idea of reflecting this quality in our wines, we present the line of **Meloso Roble, Crianza and Reserva**, soft wines designed and made to fall in love with them, since they are based on work done with passion and love. It is what we try to transmit, and we have reflected it in the label of our owls in love, because for a few years, a pair of owls that served us as a company and inspiration, nested not too far from our winery.
